

LEAF MOBILE ANNOUNCES PARTNERSHIP WITH GAME MASONS

Vancouver, BC, May 4, 2021 – LEAF Mobile Inc. (TSX: LEAF) ("**LEAF**" or the "**Company**") announces its subsidiary company, East Side Games Inc. ("**ESG**"), has entered into a publishing and IdleKit partnership agreement with Game Masons, LLC ("**Game Masons**") for the world-wide release of a mobile game on iOS and Android (the "**Partnership**").

The game will be developed in-house by Game Masons, leveraging ESG's proven IdleKit technology, and will be published by ESG. The game will be sports-themed and is expected to launch world-wide in 2022. Terms of the partnership are subject to confidentiality obligations.

IdleKit is ESG's core software technology. This internally developed proprietary game framework for building narrative driven idle games allows for a material decrease in the typical build to launch timeline for mobile games developed on the platform. This platform is not only utilized by ESG, but is also open to third party developers on a partnership basis.

"We are excited to expand into the untapped idle sports genre and we couldn't have selected a better partner to do this with. Game Masons has developed top-tier mobile sports experiences and they will be leveraging this vast experience as they develop this new game on ESG's IdleKit platform," said Darcy Taylor, Chief Executive Officer of LEAF. "This IdleKit agreement with Game Masons is the 6th partnership announced this year and expands our game publishing pipeline for 2022."

Game Masons founder Matt Fossati said: "Game Masons is excited to bring its sports expertise to the leaders in the idle genre, East Side Games. Looking to fill a missing piece in the idle space, Game Masons partnership with East Side is guaranteed to not be par for the course!"
